

Roger Barratt is running a **Tour of Scotland** for CWAM members in May 2019, starting on Wednesday 22 May and returning on Monday 27 May.

The tour outline is nine people, five nights accommodation, travelling clockwise around the Highlands including a stay on Skye and part of the famous North Coast 500 route.

The first day is 350 miles then we will travel around 200 miles each day with 270 miles home on the last day. Whilst there the emphasis will be on enjoying the fantastic roads in Scotland with stops along the way to enjoy the scenery.

We will stay in pre-booked youth hostels for five nights. If you haven't stayed in a youth hostel since your youth then you will be pleasantly surprised at the modern facilities on offer.

All accommodation will be in shared rooms just for CWAM members, some are ensuite but most will be shared bathroom facilities. All are within walking distance of a local pub for an evening meal.

It is a long journey to get up there but it is perfectly feasible to do it in a day, leaving at 9.00am and arriving at 6.00pm. This gives six hours riding and a minimum of three hours rest along the way.

The total cost of the accommodation is £110 per person however you will also need to join as a member of Hostelling Scotland which is an extra £15 so it is £125 altogether.

If you want to go then please book by email to roger@rogerandlesley.com or telephone 07785 595395. If the trip is oversubscribed then we will have a draw in mid January and a reserve list.

Located halfway along the West Highland Way, the youth hostel sits below a forest in the Strathfillan Glen and provides a most welcome rest for tired feet. Just over an hour's drive from Stirling, this friendly hostel provides a great base for families, groups and outdoor enthusiasts looking to explore the northern area of Loch Lomond & the Trossachs National Park. Twenty Munros dominate the surrounding landscape making it popular with hill walkers. For those wishing to discover the natural beauty of the area at a more leisurely pace, there are a number of walks in the local community woodland and nearby forest.
