

## Group Riding Workshop

**Shilton Village Hall on Sunday 10<sup>th</sup> March, 10am until 1pm**

Most of us enjoy a group ride, so why not grab an opportunity to learn what makes a great group rider!

Find out what is expected of you. Where should you ride in the group? What should you wear? Why, when and where do we ride in a staggered formation? Do we adhere to speed limits? Will I keep up? How does the whole group overtake a vehicle? What about fuel stops? Do I bring my lunch? Can I bring a pillion?

These and any other questions you may have will be addressed in an open forum

Following this there will be a 40 minute ride to put into practice the workshop learning points followed by a debrief when we return to the village hall.

Refreshments will be provided.

I look forward to meeting you there.

Trevor Smith  
Group Ride Coordinator
