

Roger Barratt is running another **Tour of Scotland** for CWAM members in May 2020, leaving Wednesday 20 May and returning Monday 25 May.

The tour outline is nine people, five nights accommodation, travelling anticlockwise around the Highlands including John o'Groats and the entire 500 miles of the famous North Coast 500 route.

The first day is 270 miles, then we will travel around 200 miles each day with 350 miles home on the last day. Whilst up there the emphasis will be on enjoying the fantastic roads in Scotland with stops along the way to enjoy the scenery.

We will stay in pre-booked youth hostels for five nights. If you haven't stayed in a youth hostel since your youth then you will be pleasantly surprised at the modern facilities on offer.

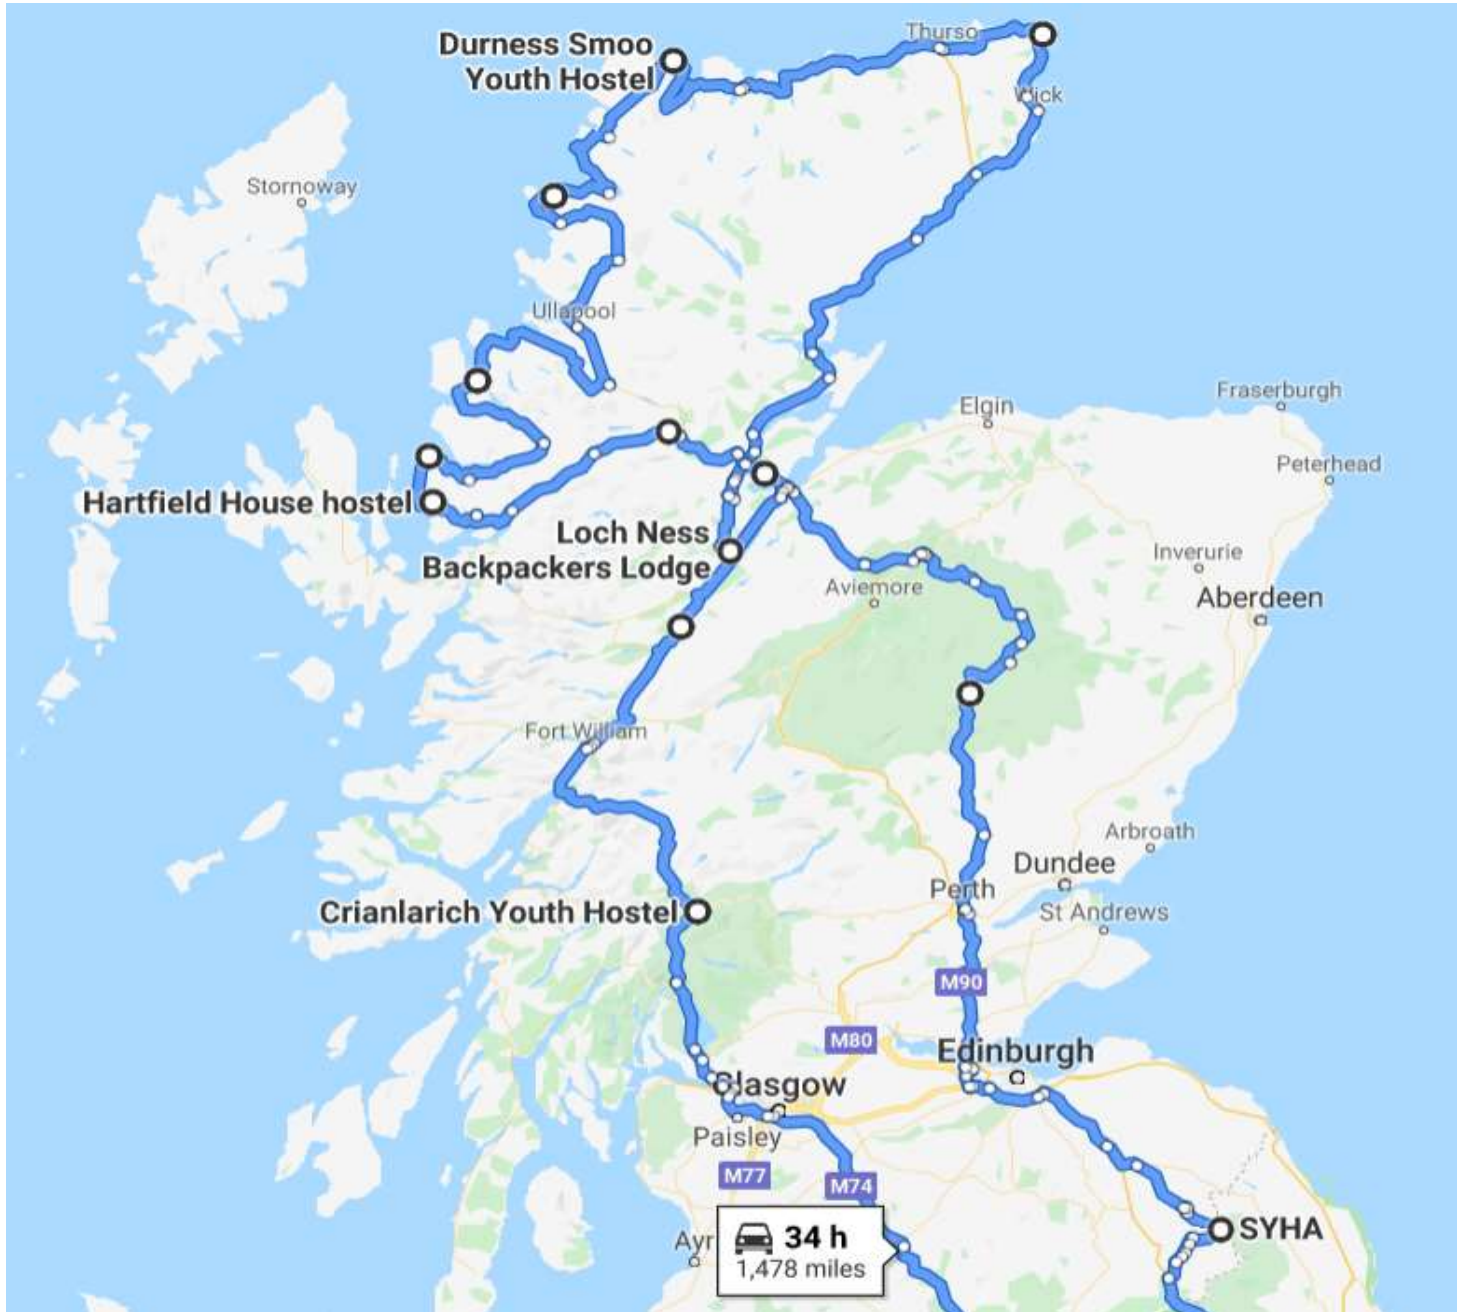

All accommodation will be in shared rooms just for CWAM members and sharing the hostel bathroom facilities. All are within walking distance of a local pub for an evening meal.

It is a fairly long journey there and back but it is perfectly feasible to do it in a day, leaving at 9.00am and arriving at 6.00pm. This gives six hours riding and a minimum of three hours rest along the way.

The total cost of the accommodation is £135 per person however you will also need to become a member of Hostelling Scotland which is an extra £15 per person.

If you want to go then please book by email to roger@rogerandlesley.com or telephone 07785 595395.

The approximate route (always travelling anticlockwise) is shown below using Google Maps
